## Verse 1

Was it in your eyes? Was it in your smile?  
That made me fall in love with you after a while  
Something in your voice or the things you said  
It makes me cherish every moment that we have

Walking on the beach, hand in hand  
Or being lazy on a Sunday afternoon  
If only I could fly back to the moment I  
kissed you under full moon

## Chorus

O, how I wish that you'd be here tonight  
Singing, laughing, dancing by my side  
Where are you now, now I need your touch?  
O damn, I miss you so much  
But you're far away and I have to stay  
Alone, all alone

## Verse 2

I try to kill time, watch some TV  
But I can't find a movie that'll comfort me  
Can't take my mind off of you and all the things that you do  
To me every weekend that you are with me

I try to block it out, try to free my mind  
But then you text me and I'm back where I began  
You've got your own things and I think you're heaven sent  
But babe, I'm only a man

## Outtro

It's only three more days and then I see your face  
Can hold you in my arms and hug you all day long  
And finally I will be with you  
Alone
