Verse 1

Sit behind the screen, chatting away
Living the ultimate dream
Sipping at your tea for the rest of the day
Life is good, if you know what I mean

Chorus 1

In a digital world you're never alone
Always someone to talk to, always someone at home
In a digital world there's no night and no day
Your sorrows blow away
And it makes you feel OK
For the rest of the day

Verse 2

Looking at the counter, what does it say
Four hundred seventy five
There's magic in the numbers: the higher you get
The more success in your digital life

Chorus 2

Rap

I share my good and my sad, from the kitchen to my bed
And all the sex I ever had with so called friends on the net
I send a tweet, want to meet, come on your Facebook virtually
And let us Spotify, modify, multiply... Why don't you get a life?

F# F#/A/B x4

Bridge

There's handshakes, hugs and kisses
It's touch and feel
The screen, there's life behind it
So come on, get out there and find it!

Verse 3

Forty-seven e-mails, seventeen spams
All offers you can't refuse
Try to keep it up in the digital world
Buying things that are no use
