

I Want Your Body

130 bpm

Verse 1

Dancefloor, spotlights shining
Bass pounds, guitars whining
Your face in the crowd
Tall, lean, standing out
Distance, magnetism
Come close, feel the rhythm
My waist, your hands tight
No doubt: this is right

I want your body!
Give me your body!

Chorus

Crazy passion, burning desire
I want your body, oh, I want your body
Beats and senses, taking us higher
Give me your body, oh, I want your body

Verse 2

Silence, clicking key
You are all I see
Darkness, bright eyes shining
You, me intertwining
Lips, tongues find each other
Hands clasp, ever harder
Bare skin, breath like song
Touch me all night long

I want your body!
Give me your body!

Chorus

Crazy passion, burning desire
I want your body, oh, I want your body
Heartbeats, senses, taking us higher
Give me your body, oh, I want your body

Bridge

Hot sweat, close together
Feel me getting wetter
Heartbeats like a drum
Deeper, make me come

I want your body!
Give me your body!

Chorus
