Verse 1

She's oh so free 'n her mind, the way that it should be
Shines like a goddess, like tonight is her night
Laughing and dancing with friends by her side
She does her best to lose her worries finally
Her eyes mesmerize, like a magnet to the guys
She wants no more lies, so she cries...

Verse 2

She's oh so self assured, no one can bring her down
Creates her own advice, she's the talk of the town
Work hard, play hard, it's all so meant to be
She finds the balance, oh until you get the key
Don't you ask her why, because she won't give you a try
Looks up to the sky, and will cry

But in her heart, where all lies fall apart
She sometimes needs somebody too
Comes out of her shell and believes in herself
No doubt, no fear, she opens up
