I don't know what it is, but I like it
Every time I look at you
I don't know what it is, but I like it

I think I have a crush on you
I know I have a crush on you

Verse 1

There's something 'bout you, I can't stop but wonder why
I seem to paralyze when you look at me, baby
I can't lay my finger at it, can't find words to define it
I feel it, I read it, when you look at me, baby

B C[#] E^bm E^bm
B C[#](B^b) E^bm E^bm
B C[#] E^bm E^bm
B B C[#] C[#](C[#]/B^b)

My head starts spinning round, my heart, I feel it pound
Insecurity gets out of bounds, when you look at me, baby
It's like when I was young: I sure know how it's done
But the words just come out wrong, when you look at me, baby

B C[#](B^b) E^bm E^bm
B C[#] E^bm E^bm
B B C[#] C[#](C[#]/B^b)

Chorus

Verse 2

Maybe it's your eyes?
They are beautiful, for sure
Maybe it's your lips?
They're so kissable, for sure

B C[#] E^bm E^bm
B C[#](B^b) E^bm E^bm
B C[#] E^bm E^bm
B B C[#] C[#](C[#]/B^b)

Is it the way you talk or it's the way you walk?
You really drive me nuts, when you look at me baby
Your moves are sensual, so smooth and sexual
Can't say a word at all, when you look at me baby
