

# Irresistible

120bpm

Intro

Verse 1

No, I'm not related to Casanova  
His skills are bit too slow for me  
'Cause by the time he wants to call her over  
The girl has left the place with me  
And Don Juan would never listen, oh no  
As I told him not to mess with the father of the girl  
I guess it, it's all a matter of experience  
They're rookies these guys but hey, they tried well

Bridge 1

It's the secret of my success, it's the reason that all the girls want my caress  
Under moonlight shining, there's no way that they can hide it

Chorus 1

I'm irresistible, so give in to my love  
Irresistible, I'm the one you're thinking of  
Irresistible, let my spell work on you  
And surrender or what else can you do?

Verse 2

Girl, you know you can't hang around  
Pretending nothing's going on  
'Cause your heart anyone can hear it pound  
It tells me that I turn you on  
It tells that you're excited by my presence tonight  
You heat up to the bone  
But you don't know what this magic is inside  
You just don't want to be alone

Bridge 2

Chorus 2

Ooh... so many girls... so little time.. oh no...  
I'd love to get some sleep at night, but they keep queuing up in lines

Bridge 3

It's the dark side of my success: that all the girls want *my* caress  
'Cause when the moon is shining, I can hide, but they will find me

Chorus 3
